

# Rag'n'Bone Man, Anywhere Away From Here (ft.

Wild and running  
Fearlessness is burnig bright  
We knew nothing  
Casuse out of sight is out of mind  
Before we ever learnt the fear of being bold  
Before we ever were afraid od the unknown

Whne the lights go up  
I don't think i told you  
I don't think i told you  
That i feel out of place  
Pull me underground  
Don't know if you notice  
Sometimes i close my eyes  
And dream of somewhere else  
Anywhere Away from Here  
Anywhere Away from Here  
Anywhere Away from Here

We sold our souls  
And we lost control  
With more dobt than hope  
Glass half empty  
Discontented from growing old  
Through all the failed  
Attempts at trying to belong  
I cover think the obvious when i am alone

Whne the lights go up  
I don't think i told you  
I don't think i told you  
That i feel out of place  
Pull me underground  
Don't know if you notice  
Sometimes i close my eyes  
And dream of somewhere else  
Anywhere Away from Here  
Anywhere Away from Here  
Anywhere Away from Here

Oh, when i close my eyes  
when i close my eyes  
i wish i could dissappear

Whne the lights go up  
I don't think i told you  
I don't think i told you  
That i feel out of place  
Pull me underground  
Don't know if you notice  
Sometimes i close my eyes  
And dream of somewhere else  
Anywhere Away from Here  
Anywhere Away from Here  
Anywhere Away from Here
