

# Rag'n'Bone Man, The Fire

I had a dream  
To was myslef  
Of this great affliction  
So hard to say  
I get united  
Speak withoout conviction

All the weight of my worries  
And the fear that surrounds me  
Depends on you too

How can i stand here as a man  
Place all the balme into your arms  
Leave it whit you?

I've been lost  
Lost in teh fire of love  
I've been lost  
Lost in teh fire of love
