

# Rage Against the Machine, New Millennium Home

Hungry people dont stay hungry for long  
They get hope from fire and smoke as the wheat grows strong  
Hungry people dont stay hungry for long  
They get hope from fire and smoke as they reach for the dawn  
Tha spirit of Jackson  
Now screams through tha ruins  
Through factory chains And tha ghost of tha union  
Forgotten remains  
Disappear to their new homes  
Tha knife tha thrust  
Tha life burns to the raw bone  
Tha blood on the floor of the tear is still dryin  
Cover the spread sheets  
Tha Dow Jones skyin  
Cell block live stock  
Tha bodies their buyin  
Old south order  
New northern horizon  
Violence in all hands  
Embrace it if need be  
(Violence in all hands, embrace it if need be)  
Livin been warfare  
I press it to CD  
(Livin been warfare, I press it to CD)  
Violence in all hands  
Embrace it if need be  
(Violence in all hands, embrace it if need be)  
Livin been warfare  
I press it to CD  
(Livin been warfare, I press it to CD)  
A fire in the masters house is set

Yo, Yo  
Check tha high tech terror  
Yes tha new order athletes  
Peer into tha eyes of tha child already on trial  
Armies rippin families apart  
Get em on file  
Convictions fit tha stock profile  
All tha while films of dogs  
Cutting through homes  
Ripping skin from bones  
Yes tha new millennium homes  
Privatizing through private eyes  
An era rising  
Of tha old south order  
New northern horizon  
Violence in all hands  
Embrace it if need be  
(Violence in all hands, embrace it if need be)  
Livin been warfare  
I press it to CD
