

Rage Against the Machine, Pistol Grip Pump

Pistol grip pump on my lap at all times [3x]
They can be fucking with other niggas shit, but they cant be fucking with mine
Pistol grip pump on my lap at all times [3x]
They can be fucking with other niggas shit, but they cant be fucking with mine
I was raised in the hood called what the diffrence
The brothers in the hood be Chivalrous
So i rest defense on my ligaments
Pistol grip pump on my lap, riskin it
Full life living it, never giving it back
Too late for slipping, so slack up
On my lap its on your lips so track shot
A steel dick more clip for pump but
All im saying there aint no question who the man is
In my civic or in this show biz
I drill the fool, kill the fool
Come on what you say?
i think i can take care of all you muthafuckas don't delay right away
Pistol grip pump on my lap at all times [3x]
They can be fucking with other niggas shit, but they cant be fucking with mine
Pistol grip pump on my lap at all times [3x]
They can be fucking with other niggas shit, but they cant be fucking with mine
Pistol grip pump on my lap at all times, right?
Cause tricks be out for your blindside
Never understood it, but remember i showed you
That in these times you gotta look over your shoulder, strap
Well that ain't nothin' but the intent of gettin high
And a cop giving you shit for just passing you by
If your ever in trouble or on the double best to call your pals
If you got...?
?
Are we getting along? we family, we better be
We got your back, we got your back kid
Just dont be pointing one of them guns, allright man
Pistol grip pump on my lap at all times [3x]
They can be fucking with other niggas shit, but they cant be fucking with mine
Pistol grip pump on my lap at all times [3x]
They can be fucking with other niggas shit, but they cant be fucking with mine
Pistol grip pump on my lap at all times [3x]
They can be fucking with other niggas shit, but they cant be fucking with mine
Pistol grip pump on my lap at all times [3x]
They can be fucking with other niggas shit, but they cant be fucking with mine
