

# Rage, Faster Than Hell

Out of work, no money left  
Noone's at your side  
Got no aim, no self respect  
While your fighting for your rights  
The only freedom's on your wheels  
The highway's your district  
Gotta feel what power is today

Faster - on Satans heals  
Faster - it's hell on wheels  
Faster - at the speed of live  
Faster than hell

Identity's just a word  
They'll take it off your mind  
But their words, you need no more  
With Satan you have signed  
The ones who screamed take cover now  
The other's suicide  
But keep on riding stay right on your way

Faster - on Satans heals  
Faster - it's hell on wheels  
Faster - at the speed of live  
Faster than hell
