

# Rage, In The Darkest Hour

In the darkest hour  
It is time for the truth  
When you're fast asleep  
In the darkest hour

A modern man, a nice gentle guy  
He cuts a real smart figure from his head  
To his toes  
But when the night falls and the mask  
Comes off him then,  
He changes to a raping, pervert monster man

Like Dr. Jeckyll and Mr. Hyde

"I'm gonna get you tonight!"

In the darkest hour  
It is time for the truth  
When you're fast asleep  
In the darkest hour  
The upright housewife, busy with her meals -  
Things like chatting with the milkman  
Are her only thrills  
But when the night falls and she puts  
Her stocking on,  
Yeah, then she gets in heavy  
With the neighbour's so

Like she's a domina tonight

"I'm gonna shoot off your balls!"  
Some people hide what they are

In the darkest hour  
It is time for the truth  
When you're fast asleep  
In the darkest hour
