

# Raghav, Can't get enough (feat. Icebeg Slimm)

Kabhi aar kabhi paar laaga teer nazar  
Sayan ghayal kiya reh tune mora jigar  
Kabhi aar kabhi paar laaga teer nazar  
Sayan ghayal kiya reh tune mora jigar

(Verse 1 (Raghav))

Stand by here we go again  
Jus you let me wait let me know again  
Ain't nobody special girl I'm jus a friend  
I bet you cant recall my name  
I think about you everyday  
24/7 girl in every way  
Try to move on but what can I say  
No-one else can take your place

(Chorus (Raghav))

I guess I done this when I should have done that  
I tried to be smart but I want you so bad  
Have you ever needed what you've never ever had  
I jus cant get enough enough enough  
Jus when it looks like I'm gonna get close  
My lips mess up and my words don't flow  
I jus cant wait till we freaking more frequently baby  
Coz I cant get enough enough enough

(Bridge)

Kabhi aar kabhi paar laaga teer nazar  
Sayan ghayal kiya reh tune mora jigar  
Kabhi aar kabhi paar laaga teer nazar  
Sayan ghayal kiya reh tune mora jigar

(Verse 2 (Raghav))

Oh no I should have spoke up  
See whats goin on now I'm choke up  
Like I was sleeping and should have woke up  
I ain't gon' let it end like this  
Word of town says you broke up  
You been around and keep your hopes up  
I'll be around and baby know what  
I'm bringing what you can't resist

(Chorus (Raghav))

I guess I done this when I should have done that  
I tried to be smart but I want you so bad  
Have you ever needed what you've never ever had  
I jus cant get enough enough enough  
Jus when it looks like I'm gonna get close  
My lips mess up and my words don't flow  
I jus cant wait till we freaking more frequently baby  
Coz I cant get enough enough enough

(Verse 3 (2 Play))

Yo, come on  
She pulled up in a blacked out BM  
Ladies and gentlemen  
Little miss thug in her baby pink timberland  
Pretty plus and her scent  
Mrs Dominican  
Nikata baby check the ice like stella  
With 5 5 brown eyes smile like Jlo  
Left thigh right thigh  
Tight like west coast  
Hello pretty mama  
Caught you from the side of my eye

Ya feet are hurting coz u running my mind  
Look  
A lot of guys must be dropping you lines  
So  
S'get to the point not to be wasting your time  
I think I love you here's my number  
Baby give me a call  
Not the others or my brother  
Now we're steady for sure

Oh mere jaane jaa  
Oh mere dil ruba  
Oh mere paas aah  
Kahin na jaana(2 times)

(Chorus (Raghav))  
I guess I done this when I should have done that  
I tried to be smart but I want you so bad  
Have you ever needed what you've never ever had  
I jus can't get enough enough enough  
Jus when it looks like I'm gonna get close  
My lips mess up and my words don't flow  
I jus cant wait till we freaking more frequently baby  
Coz I cant get enough enough enough
