

# Ragnarok, In Nomine Satanas

I was born in the shadows of darkness  
I was born in a blackened chasm  
I was born by an angel  
:the angel of hell!!!  
Am I the son of Satan  
Am I the source of evil  
Am I the only one with horns?  
Am I the lord of chaos?  
IF I seek will I find my strength  
Oh, Satan take me where I can find my will  
I turn the cross towards hell  
Give me thy benediction to destroy all holy  
In your name...

Infernus spiritus Tiamat  
In nomine Satanas  
Nocternus spiritus marduk  
Dominus spiritus Satan

Ego vos benedictio in nomine  
Magni dei nostri satanas ave  
Satanas domini inferni

I spread my wings and fly into the night again  
And create confusion and chaos for my unholy immolation  
In nomine dei nostri satanas  
I raise my horns into the night again  
Take my hand and fly with me into the flaming hell

Can you feel his pride upon us  
Can you feel his strength are growing  
Rapture!!!
