Rain, Tomorrow's Name

As I sit in deep Absorption Lost in pure Lucidity I Invest In just one Interest Can a man be Caged yet free? Epicurean Existence Looks for someone else to blame Yesterday is Yours forever No one knows tomorrow's Name No one's ever known her Name Be not Blind to life's abundance Ecstasy we must Embrace Rid yourself of Reservation Ride the Rapids, Run the Race You whose Years are spent in Yearning Making plans and Masking shame All I Ask is your Acceptance No one knows tomorrow's Name
