

Rainer Maria, Automatic

i can tell
you have inspiration
truly
you're such a lucky girl

i can see
you're have automatic beauty
it takes
our breath away

your sense of humor
is light years
is light years
is light years
beyond your age

oh oh
oh oh
oo oo
oo oo

i can see
you're an automatic beauty
just by the things you say

your sense of humor
is light years
is light years
is light years
beyond your age

take it down
and dust it off
and open up the pages

(you got it 4x)

standing on the
shoulders of the
greatest of the ages

i can tell
you're an inspiration
truly you're such a lovely girl

you're such a beauty
you take our breath away
