

# RainFallWarning, Jesus With A Pack Of Cigarette

It's not enough to say you love its not enough to live  
We drink the wine and smoke it all it's easy to forget  
When standing up for what is right can be such selfishness  
Reaching out to the lost with a pack of cigarettes

We've got no common ground  
Except these little points in time  
We can't connect the dots  
Unless we've a means to make the lines

I will dance to the song  
Though I can't sing along  
I don't need to understand the words  
And if you're surprised  
That I would compromise  
Then I'm not sure why you'd care

Cause I don't care  
Cause I don't care  
Because this is real

I'm not scared  
I'm not scared  
Because this is real

Its not enough to say you love and examples are overlooked  
The world screams our keep it real. So how might we be real?

We've got no understanding  
Except these little tags with names  
We can't connect the dots  
Unless we've a means to make the lines

I will drink to the band  
Though I don't understand  
Cause I really want to know who you are  
And if you're surprised  
That I would compromise  
Then I'm not sure why you'd care

Cause I don't care  
Cause I don't care  
Because this is real

I'm not scared  
I'm not scared  
Because this is real

It can harm your mind  
But it cannot touch your heart  
It can take your life  
But it cannot touch your heart

I'm gonna scream out loud  
Though I'm not with the crowd  
I wanna share in this victory  
And if you're surprised  
That I would compromise  
Then I'm not sure I know why you'd care

Cause I don't care  
Cause I don't care  
Because this is real

I'm not scared  
I'm not scared  
Because this is real
