

# Raise Hell, Wicked Is My Game

Welcome to my...wicked is my insane game...

Fighting for the real exciting challenge  
Making the Devil pleased every day  
I just hope that I can manage  
But it's too soon to say

Chorus:  
Wicked is my game  
for nothing but fleas and leaches I sold my soul!

Fighting for the real challenge  
With the Devil by my side  
I'm making myself pleased every day  
No one ends, my pain but me

Chorus

Nothing is for real  
Ask the wicked man down here  
Nothing is the same  
Only the Devil knows my name

What will happen when my desire for the mortal flesh ends?  
What will happen when all I know vanishes into nothingness?

I can see the universe collapse  
My mind is dying, fading, floating with the sea  
I can see the reality go down  
my mind is making every man's own dream

Welcome to my insane game  
Wicked is my insane game

Fighting for the real exciting challenge  
making the Devil listen to me  
There is nothing more to accomplish  
No more for me to wish

Chorus
