

Raised Fist, Give Yourself A Chance

Give yourself a chance!
Everything you say is not true
But we believe in what you say
Cause no one expect you to be wrong
Or at least to lie
Although your using it
Just to be a little bit harder than the rest
What do you want from me
I'm playing hardcore is that so fucking hard for you to see
Is this your new idea
That everybody should be like hell to be
You stand there like a softboy and you smile
Something that I've imagined or is it for real
Our souls are like two different files
Something that you should remember
You're not keeping your friends like that
Why can't you give yourself a chance
Why can't you prove that you're a man
Why are you lying with precision
Is it so hard to make a decision
My anger towards you is strong
I want to prove that you where wrong
With just this song
To treat people bad is not my thing
Among us we stick together
To keep inside of the ring
What do you want from me
I'm playing hardcore is that so fucking hard for you to see
Is this your new idea
That everybody should be like hell to be
You stand there like a softboy and you smile
Something that I've imagined or is it for real
Our souls are like two different files
Something that you should remember
You're not keeping your friends like that
Why can't you give yourself a chance
Why can't you prove that you're a man
Why are you lying with precision
Is it so hard to make a decision
