## Rakim, Eric B. Is President

I came in the door, i said it before
I never let the mic magnatize me no more
But it's biting me, fighting me, inviting me to rhyme
I can't hold it back, I'm looking for the line,
Taking off my coat, clearing my throat
My rhyme will be kicking it until I hit my last note
My mind'll range to find all kinds of ideas
Self-esteem makes it seem like a thought took years to build
But still say a rhyme after the next one
Prepared, never scared, I'll just bless one
And you know that I'm the soloist
So Eric B, make 'em clap to this

I don't bug out or chill or be acting ill No tricks in '86, it's time to build Eric B easy on the cut, no mistakes allowed Cuz to me, MC means move the crowd I made it easy to dance to this But can you detect what's coming next from the flex of the wrist Saying indeed that I precede cuz my man made a mix If he bleed he won't need no band-aid to fix If they can get some around until there's no rhymes left I hurry up because the cut will make 'em bleed to death But he's kicking it because it ain't no half stepping The party is live, the rhyme can't be kept in-Side, it needs erupting just like a volcano It ain't the everyday style of the same old rhyme Because I'm better then the rest of them Eric B is on the cut and my name is Rakim

Go get a girl and get soft and warm,
Don't get excited, you've been invited to a quiet storm
But now it's out of hand cuz you told me you hate me
And then you ask what have I done lately
First you said all you want is love and affection
Let me be your angel and I'll be your protection
Take you out, buy you all kinds of things
I must of got you too hot and burned off your wings
You caught an attitude, you need food to eat up
I'm scheming like I'm dreaming on a couch wit my feet up
You scream I'm lazy, you must be crazy
Thought I was a donut, you tried to glaze me

Funky...
