

Rammstein, Eifersucht (eng.)

Am I pretty
Then cut me in the face
Am I stronger
Break my neck in disgrace
Am I smarter
Kill me and eat my brain
I take your wife
Kill me and eat me all up
Just eat me all up
Am I honest
Then bite my tongue right off
Am I richer
Then take it all
Am I braver
Kill me and eat my heart
I take your wife
Kill me and eat me all up
Just eat me all up
And lick the table clean
We're cooking jealousy
Have I such tender skin
Tear it out in stripes
Have i the clearest eyes
Steal all the light
Have I the purest soul
Burn it in the flames
I take your wife then
Kill me and eat me all up
Just eat me all up
And lick the table clean
We're cooking jealousy
