Ramones, Go Home Ann

Go home Ann Go home Ann Go home Ann Ann go home

I had you in my bed last night I did what I wanted to do, well all right Go home Ann, it's almost funny Go home Ann, it's almost done

I never said I loved you Never said I cared This won't last forever There is something in my heart

Go home Ann Go home Ann Go home Ann Ann go home

I tricked you, had my fun You could have been anyone Go home Ann, it's almost funny Go home Ann, it's almost done

I never said I loved you Never said I cared This won't last forever There is something in my heart
