

# Ramones, My-My Kind Of A Girl

When I saw you on 8th street  
You could make my life complete, baby  
Yeah, yeah, yeah  
You're my-my kind of a girl

And when I saw you by the Juke Box, ow-ow  
You put my quarter in and played my favourite song too, baby  
Yeah, yeah, yeah  
You're my-my kind of a girl

I think we'd look pretty good together,  
walking through a winter wonderland  
And this time I think it's forever  
I hope your parents understand  
When I saw you by the Peppermint Lounge  
You were lost but you've been found, baby  
Yeah, yeah, yeah  
You're my-my kind of a girl
