

# Ramoth Gilead, Set Me Free

I'm down, forsaken  
Nobody cares  
People around me are just there  
Making it worse

Refrain:  
Oh God give me the strength  
To carry on  
The strength to help me  
And God please give me peace  
The peace to set me free  
Peace to set me free  
Peace to set me free

I've got lots of friends  
But no real friends  
I have everything I need and want  
Still something's missing

Refrain  
Bridge:  
I know I need your strength  
And I need your love  
So come & stay, this I pray, I need you
