## Rancid, Another night

| n the oakland sky | the city I avoid | the landmines | All I wanna do | is make |
|-------------------|------------------|---------------|----------------|---------|
|                   |                  |               |                |         |
|                   |                  |               |                |         |
|                   |                  |               |                |         |
|                   |                  |               |                |         |
|                   |                  |               |                |         |
|                   |                  |               |                |         |
|                   |                  |               |                |         |
|                   |                  |               |                |         |
|                   |                  |               |                |         |
|                   |                  |               |                |         |
|                   |                  |               |                |         |
|                   |                  |               |                |         |
|                   |                  |               |                |         |
|                   |                  |               |                |         |
|                   |                  |               |                |         |
|                   |                  |               |                |         |
|                   |                  |               |                |         |
|                   |                  |               |                |         |
|                   |                  |               |                |         |
|                   |                  |               |                |         |
|                   |                  |               |                |         |
|                   |                  |               |                |         |
|                   |                  |               |                |         |
|                   |                  |               |                |         |
