

# Rancid, Walk Away

I need the comfort  
That's in your arms  
Squeeze and hold me tight  
And keep me warm  
I need the passion  
That's in your heart  
Say you'll never leave  
And be apart

So don't walk away  
Don't turn your back  
If you leave today  
My whole world would turn black  
So don't walk away  
Don't change your mind  
It's time you took the chance  
And put your hand in mine  
So don't walk away

I need the glow  
Of your darling face  
Accept this crown of love  
And live in grace  
I need the colors  
Painted in your mind  
Your beauty and your brilliance  
So hard to find

So don't walk away  
Don't turn your back  
If you leave today  
My whole world would turn black  
So don't walk away  
Don't change your mind  
It's time you took the chance  
And put your hand in mine  
So don't walk away

You are my angel  
Please don't be afraid  
You are my saving grace  
My heart's first aid  
So don't walk away

So don't walk away  
Don't turn your back  
If you leave today  
My whole world would turn black  
So don't walk away  
Don't change your mind  
It's time you took the chance  
And put your hand in mine  
So don't walk away
