

# Randall, I Need You

sometimes, at night  
i see myself, looking oh so fine  
wake up, to find  
the smile is gone, and theres only one reason why

Chorus:

Without you, i feel so empty  
i'm lost and i'm lonely won't you help me  
Read these words i'm writing for you  
won't you tell me that you love me too  
Cause i need you  
i need you

sometimes, i wish  
that you would be, right beside me  
when i'm gone, would you know  
that i'd miss you, cause theres only one reason why

Chorus:

Without you, i feel so empty  
i'm lost and i'm lonely won't you help me  
Read these words i'm writing for you  
won't you tell me that you love me too  
Cause i need you  
i need you

countless, night times  
i've thought of you, and your little smile  
so please lady won't you read this song  
please lady, don't let me fall

Chorus:

Without you, i feel so empty  
i'm lost and i'm lonely won't you help me  
Read these words i'm writing for you  
won't you tell me that you love me too  
Cause i need you  
i need you  
Read these words i'm writing for you  
won't you tell me that you love me too  
Cause i need you  
i need you
