

# Randi, Body Language (feat. Faydee)

If you speak in body language  
I get all you trying to say  
I know, oh my, oh my  
I can be your favourite hostage, baby  
Let you play away  
You know, oh my, oh my

You know your love turns my body  
Upside down, you're crazy  
Look what you made me do, oh na-na-na  
You know I'm addicted, got my mind twisted  
There's nothing that I wouldn't do

Your body language got me like na-na-na na-na-na  
Girl, your speaking body right na-na-na na-na-na  
I wanna touch you deep inside na-na-na na-na-na  
Your body language got me like na-na-na na-na-na

I now your body tastes so good  
I just can't get you off my brain  
I know, oh my, oh my  
And now your body looks so good  
In every angle, it's insane  
I know oh my, oh my

You know your love turns my body  
Upside down, you're crazy  
Look what you made me do, oh na-na-na  
You know I'm addicted, got my mind twisted  
There's nothing that I wouldn't do

Your body language got me like na-na-na na-na-na  
Girl, your speaking body right na-na-na na-na-na  
I wanna touch you deep inside na-na-na na-na-na  
Your body language got me like na-na-na na-na-na
