

Randi Laubek, Cherries Suit Fairies

Cherries suit fairies
Heads, a hat
Cowboy suit prairies
Stripes, a cat
Sailors suit seas and you suit me and that is that!

Singing suits Billie
Shoes, a foot
Ginger suits chilli
Trees, a wood
India suits gurus, I suit you and that's just good.

But what if we tried to kick the habit?
Just for a while to see what it would be like...

With
Purple trees
And dotted bees
White cars cruising the yellow seas
Sunny nights
Southern northern lights
White cars cruising the yellow seas
Cowboys with me and you with Billie
As much as I try
It just doesn't seem right
(I can't kick the habit)

Bare legs suit summer
Scotland, hills
Fame suits Madonna
Addicts, pills
Sorbet suit fruit and I suit you and that's just good
Singing suits Billie
Humour priests
Peace sure would suit the Middle East
Pisces suit Scorpio that's not us but you don't know...

What if we tried to kick the habit?
Just for a while to see what it would be like...

With...etc
