

Randle Chowning Band, Outside The Law

(TWIN GUITARS SOLO INTRO)

livin' outside the law
life don't matter at all
better get a gun, start packin' it around
before some policeman shoots you down....

livin' outside the law
life don't matter at all
if you don't have a home, can't do you no harm
sure is better than livin' on the country farm

livin' outside the law
life don't matter at all
all the women love me when I'm around
gonna give 'em all a little bit of heaven when I get down....

(GUITAR SOLO)

livin' outside the law
life don't matter at all
better get a gun, start packin' it around
before some policeman shoots you down....

oh, you better get a gun, start packin' it around
better get a gun, start packin' it around,
better get a gun
