The result cocooned? NO!

He's never been so conscious of their faces as they're buzzing around him pushed to feeling numb

The transaction at the sandwich shop made his eyeballs POP! And it was very scary,

See now how he opens his eyes to a world of lies (whys?) and its the truth fairy,

Big sweat as he confronts the screen with a silent scream another virgin mary,

See now how hes giving the game away.

He cannot deal with these robo-sapiens.
