

Randy Crawford, Merry Go Round

Say I'm crazy
Cause I have to have you
Say I'm dreaming
Cause I wanna see this through
Say there's no meaning to life
If I'm not with you
My love, my only love

Cause it's you
Who will always be my first love
It's you
Who first showed me who I really was
In you
My soul has found the one I'm searching for
It's true, I adore you

Ref.:
Our love is like a merry go round
Sometimes it's up
Sometimes it's down
Like the sun and the rain
Even good loves found the change
Boy you should know
Cause the love we have we shouldn't let go

Now you can walk away
Go on without me
Or you can try to stay
And make this easy
Though it's hard
If you really wanna be alone
It's okay, okay

Ref.

It's clear to see
Your heart belongs to me
I'll always get by
With you in my life
Don't you ever leave
