

Randy Newman, Bleeding All Over The Place

DEVIL:

Why don't you love me like you used to do?
Are you trying to break my heart?
I know there's somethin' goin' on with you
And whatever it is, it's tearin' me apart
I walk along the river every night
Tryin' to figure out why we fuss and fight
Is love once again to slip right through my hand?
Have you been messin' with another man?

I'm bleedin' all over the place
Bleedin' all over the place
I don't mean to be rude
But I'm in a pretty bad mood
Just take a look at my face

I'm bleedin' all over the place
Bleedin' all over the place
Someone call a doctor
We got a serious case
Of bleedin' all over the place

Why don't you love me like you used to do?
Tell me, what did I do wrong?
Seems like you're through with me
I wasn't through with you
My love for you is still very strong

I wander aimlessly, not knowing what to do
I've become quite shameless in my love for you
I'm tryin' real hard to understand
Have you been sleeping with another man?

I'm bleedin' all over the place
Bleedin' all over the place
Get me a witness
To record my disgrace
How I've been dishonored
Deceived and debased
Then someone get me a band-aid
Before I fall on my fuckin' face
'Cause I'm bleedin' all over the place
