

# Randy Newman, Life Has Been Good To Me

MARTHA:

Life has been good to me  
Got very few complaints so far  
Life has been good to me  
Hope you're as happy wherever you are

I got the blue sky, every mornin'  
Big yellow moon at night  
I always do whatever I want to  
And everything I do, it always turns out right

Hey, hey  
Hey, hey  
Hey, hey  
Hey, hey

Life has been good to me  
Man, I would not change a thing  
Life has been good to me  
Can't wait to see what tomorrow will bring

In every life a little rain must surely fall  
I'm here to say that there's a rainbow  
Just around every corner

Life has been good to me  
Well, I admit I've have a ball  
Life has been good to me  
I never worry 'bout nothin' at all

I've got some good friends, they adore me  
Know how to treat me right  
I got a good man waitin' for me  
I've won every fight I've been in,  
And it always turned out that I was right

Hey, hey  
Hey, hey  
Hey, hey

Life has been good to me  
Life has been good to me
