

# Randy Rogers Band, Before I Believe It's True

Well I've never seen this place  
but I&#039;ve been here waiting for you  
I&#039;ve held onto your love forever  
Tell me you wanted me to  
Before I believe it&#039;s true  
Before I believe it&#039;s true

Wait just a minute baby  
Don&#039;t make a single move  
Prop me up just a little longer  
But if I fall, you fall too  
Before I believe it&#039;s true

Chorus

Yeah, Before I believe in you and me  
Before I let my heart go free  
Tell me that you need me like I need you  
Before I believe it&#039;s true  
Before I believe it&#039;s true

But I&#039;ve known for so long now  
How love can change you  
Baby please confess  
The love has changed you too  
Before I believe it&#039;s true

Chorus

Yeah, Before I believe in you and me  
Before I let my heart go free  
Tell me that you that want me like I want you  
Yeah before you see what no one sees  
Before I let my heart go free  
Tell me that you need me like I need you  
Before I believe it&#039;s true  
Before I believe it&#039;s true  
Before I believe it&#039;s true  
Before I believe it&#039;s true
