## Randy Rogers Band, If Anyone Asks

If anyone asks Im brokedown Or maybe Im just outta town You can say Im anywhere but where I am If anyone asks dont lead em on That anything is even wrong Do that if you can cause no one needs to know we finally hit the end You left the door wide open and I locked myself in

## Chorus

Until I find a way to get my story straight Girl I never dreamed that I would see the day That you were by my side and I would have to hide cause theres nothing I could say If anyone asks

If anyone asks I hold you tight Each and every night For all they know you wont let go And Im still there If anyone asks dont say a thing Just let that phone ring If you answer now It wont be fair

cause no one needs to know I gave you my best You can tell them the truth And make up the rest

Chorus

Well Ive been starin at myself Tryin to catch my breath The part that I cant figure out Is all that I have left

Chorus
