

Randy Rogers Band, Love Must Follow You Around

I don't wanna go to sleep tonight
Cause in the morning I'll be leaving
We can sit and talk with the candle light
And even though I know it's coming, it will hit me without warning

Love must follow you around, cause everytime we're close
It comes creepin in, deeper than I have ever known
And I don't know if you know it, but it's catching up with me
It's gonna track you down
Baby love must follow you around

I've been running with my heart wide open
I know I'm not always what you need
But I'll pick up the pieces that I've broken
When I get home, from this highwat then you'll see

Love must follow you around, cause everytime we're close
It comes creepin in, deeper than I have ever know
And I don't know if you know it, but it's cathing up with me
It's gonna track you down
Baby love must follow you around
