

# Randy Travis, Come See About Me

Somebody listen, I'm a voice in the distance cryin'  
Come see about me  
I am a stranger in a world filled with anger  
Come see about me  
I'm gettin' weary tryin' to carry this load all by myself  
I'm bone tired and fallin', can't you hear me callin'  
I need somebody's help  
I am a young man growin' wild across this land  
Come see about me  
I'm fourscore and twenty and I ain't got anybody  
Come see about me  
I'm somebody's children alone and forsaken, a wave  
that's lost at sea  
I'm right here behind you, I'm all around you,  
so slow down  
Turn around and you will see  
I'm your mother, your sister and your brother  
Come see about me  
I am a baby, my mother ain't no lady  
Come see about me  
I am your maker, the giver and the taker  
Come see about me
