

Randy Travis, Gonna Walk The Line

i never been too good at doin right
done mostly wrong, most all my life
never found a place to settle down
but baby i do believe i found it now

(chorus)

i'm gonna walk that line
gonna tote that barge
gonna lift that bale
gonna work real hard
doin anything that you want me to
'cause baby i'm gonna walk that line for you

ooooh gonna walk that line for you.....

if strait an' narrow ever was my path,
and everlasting love never seemed to last,
used to be a tomcat out on the prowl
but baby i'm just your puppy dawg now

(chorus)

ooooh gonna walk that line for you...
ooooh gonna walk that line for you...
do anything that you want me to...
ooooh gonna walk that line for you.....
