

# Randy Travis, I'm Your Man

If you want someone  
Who'll always do his best  
Who'll understand  
Look no farther  
Than across this room we're in

If you want someone  
Who'll always stand by you  
No matter where or when  
I'm your man  
Honey I'm your man

If you need someone  
To hold you when the storms start closing in  
Someone who'll protect you  
Or walk with you hand in hand  
If you think you'd like to be adored forever  
By your best friend  
I'm your man  
Honey I'm your man

I thank god each day  
For giving us each other  
And for making dreams reality  
By bringing us together

So if you want someone  
Who'll love you now and forever  
And be your best friend  
I'm your man  
Honey I'm your man

I'm your man  
Honey I'm your man
