

# Randy Travis, Keep You Lure In The Water

chorus:

Keep your lure in the water, don't just sit by the shore  
There are souls to be caught everywhere in this old world  
Go where hearts are plenty, don't just drift with the tide  
Keep your lure in the water, in the waters of life  
The lord said, "Simon, haul your nets in  
From now on you're a fisher of men"  
Well, I like fishin',  
that's why it caught my ear  
The Lord knew how to get to me  
and what I'd need to hear

chorus:

Keep your lure in the water, don't just sit by the shore  
There are souls to be caught everywhere in this old world  
Go where hearts are plenty, don't just drift with the tide  
Keep your lure in the water, in the waters of life  
When the sea is troubled and it's hard to stay afloat  
And you feel like Jesus is sleeping in the boat  
Don't you dare give up on the Prince of Peace  
And in the middle of the storm  
you will find a sweet release

chorus:

Keep your lure in the water, don't just sit by the shore  
There are souls to be caught everywhere in this old world  
Go where hearts are plenty, don't just drift with the tide  
Keep your lure in the water, in the waters of life  
Yeah keep your lure in the water, in the waters of life
