

Randy Travis, Runaway Train

Baby our love is our love is like a runaway train
Baby it won't stop, won't stop, won't slow down for anything
Baby it's big, so strong, love is a powerful thing
Baby our love is our love is like a runaway train
Baby our love reminds me, reminds me of a runaway train
Baby our love is our love is like a hurricane
Baby it won't stop, won't stop, won't slow down for anything
Baby it's big, so strong, love is a powerful thing
Baby our love is our love is like a hurricane
Baby our love reminds me, reminds me of a hurricane
Our love is red hot, non-stop all the way to the top
Now that I been in the middle of this thing
Ain't no way I'm ever gonna go back
Seen everything, I been everywhere, I didn't leave nothin' that I want back there
Come on, baby lets move this thing a little farther down the track
Baby our love is our love is like a jet airplane
Flying so high above all the pouring rain
Baby it's big, so strong, love is a powerful thing
Baby our love is our love is like a jet airplane
Baby our love reminds me reminds me of a jet airplane
Our love is red hot, non-stop all the way to the top
Now that I been in the middle of this thing
Ain't no way I'm ever gonna go back
Seen everything, I been everywhere, I didn't leave nothin' that I want back there
Come on, baby lets move this thing a little farther down the track
Lady our love is our love is like a runaway train
Lady it won't stop, won't stop, won't slow down for anything
Baby it's big, so strong, love is a powerful thing
Baby our love is our love is like a runaway train
Baby our love reminds me, reminds me of a runaway train
Baby our love reminds me, reminds me of a runaway train
