

Rare Bird, Last Tango In Beulah

Someone told me if I stopped for a while
I would have a chance to make it
And seeing things I've never seen before
ooh... it's just a dream now
Someone told me to get it on
I would have to change direction
Doing things I didn't wanna do
Ooh.. I disagree now

I love the feeling that I'm getting right now
Huumm.. follow the feeling
Have to * just to work it all out
Huumm.. loving the feeling
Just the feeling

* I took to pull it myself
But it only led to sadness
Making ** I didn't really care
Ooh.. but I do now
And the time to change ***
I can feel a great sensation
Trying things I've never tried before
Ooh.. and I'm free now

'Cause I'm loving the feeling
That I'm getting now
And I'll follow the feeling
That I'm getting right now

I love the feeling that I'm getting right now
Huumm.. follow the feeling
Have to * just to work it all out
Huumm.. loving the feeling
