

Rascal Flatts, Feels Like Today

I woke up this morning
With this feeling inside me, that I can't explain
Like a weight that I've carried, been carried away, away
But I know something is coming
I don't know what it is
But I know it's amazing, can save me my time is coming
I'll find my way out
Of this longest drought

[chorus]

And it feels like today, I know
It feels like today, I'm sure
It's the one thing that's missing
The one thing you're wishing
The last sacred blessing
And hey, feels like today
Feels like today

I treated life like a picture
But it's not a moment that's frozen in time
It's not gonna wait till I make up my mind, at all
So while this storm is breaking
While there's light at the end of the tunnel
I'll keep running towards it
Releasing the pressure that's my heartache
Soon this dam will break

[chorus]

And it feels like today, I know
Feels like today, I'm sure
It's the one thing that's missing
The one thing you're wishing
The last sacred blessing and hey
Feels like today
Feels like today
