

# Rascal Flatts, The Man In Love With You (bonus

If you think I've second guessed it  
Or for one minute I'd regret it  
This life with you  
No, there's never been a moment  
Not one time I haven't known it  
What I have with you  
You hold my heart  
Deep inside of every single part

[Chorus]  
If I could be anything  
I wish that I could be, oh baby  
If I could rule all the kingdoms  
Maybe even sail the seven seas  
If I could do all the things  
I only dream that I could do  
I'd still be  
The man in love with you

I try every day to show it  
Just to make sure that you know it  
I'm here to stay  
And you'll never have a reason  
To ever think I'm leaving  
There's just no way  
It's no mystery  
How I feel  
Baby, can't you see

[Chorus]  
I can't go places  
I always see traces  
Of the only thing in life I'll ever need

If I could do all the things  
I only dream that I could do  
I'd still be  
The man in love with you  
I'd still be  
The man in love with you
