

Rascal Flatts, Walk The Llama Llama

Walk The llama llama
Walk The llama llama
Take in the panorama
Walk The llama llama - llama llama
Don't have to be a drama
Walk The llama llama - llama llama
No one could be calmer
Walk The llama llama
Walk The llama llama
Double L.A.M.A

Fluff up your fur
Stick out your chest
Walk The llama llama
Now your looking your best
Keep out the wind
Keep out the snow
Wool by llama from head to toe

Walk The llama llama - llama llama
Take in the panorama
Walk The llama llama
Walk The llama llama
Double L.A.M.A

Cool in the summer
Warm in the cold
A perfect fashion statement
For the young and the old
A cloak for the priest
A hat for the farmer
You could be looking at the emperor's pajamas

That's way the llama walks so proud
That's way the llama holds his head up in the crowd
All of us applaud his generosity
He's more than just a passing curiosity
He covers up our pride
And all those things we have to hide
In any civilized society
