

Rascal Flatts, Where You Are

There you are standing strong,
I'm a leaf holding on
You believe like a child,
In this fire runnin' wild
Oh I love how you see
Right to the heart of me

[Chorus:]

You're a waterfall, washing over me
I'm a thirsty man let me drink you in
Well I am on my way,
You're a mountain top
When I reach for you, your love lifts me up
All that I want is to be
Where you are

I'm the frozen ground, you're the warm sunlight
Shining down on me, baby just in time
Well I have never been in a love like this
Oh, you move my soul every time we kiss
And I love how you heal;
I can't believe how alive I feel

[Chorus]

Where you are - Oooo, Oooo, Oooo

[Chorus]
