

Rascal Flatts, You

[Chorus]

Every road that I've been down
The only truth that I have found
There's only one thing I can't live without
You

I was searching for something I thought I would never find
Losing my mind
In and out of bad love, I thought I was born to lose
Then came you
I thought I knew what the real thing was
But nothing shakes me like your love does
I've been hypnotized
Now I realize

[Repeat Chorus]

Every time I get lost in a temperamental mood
You still stay cool
Just when I think that this life's about to drive me insane
You take the reins
Every time I feel I'm drifting off course
You're my compass, you're my one true north
In a mixed up world
You make sense to me girl

[Repeat Chorus]

[Bridge]

Yeah, every road girl
Leads me to you
And baby, that's all I need to know

[Repeat Chorus Twice]

Every road that I've been down in my life
Every time I feel I'm taking off
Every road that I've been down in my life
Every road girl, leads me to you
Yes it did, yes it did
Every road girl
Every road leads me to you

[Fade]
