

# Rasmus, Heartbreaker

Well anyway it's a long story.  
She's been waiting for so long  
Still got the songs in her mind and the autograph on the photograph  
She's got a past full of secrets  
She's got a clock on her feelings back from the days when she used to have wings  
She had a dream full of anger  
She had a dream full of action  
Afraid to get old she feels so cold  
Such a typical reaction

Oh yeah, oh yeah. She wanted to be a heartbreaker  
Oh yeah. She was so greedy but a lousy lovmaker  
Oh yeah, oh yeah. She wanted to be a heartbreaker

She used to be the queen of the scene  
She had a key but she lost it  
Nothing's gonna last and the time goes fast - she knows  
She had a man but she messed it up again  
She had a chance but she blew it  
She's gotta little baby boy in her womb but she doesn't have a clue yet

Oh yeah...

Striking her down  
Crushing her to the ground
