Ufolaulu

Tn iltana on, fiilis erilainen
Ufot ovat laskeutuneet tellukselle
Pihalla on jengi aivan pipona
Mut ne ei ymmrr mitn ufojen plle
Ne ampuvat meit sde pyssyilln
Ja pyrkivt meit lhemmksi

Ufot on meidn kavereita..
Ufot on meidn kavereita..
(Ne tahtovat meidt vangeikseen,
ne tahtovat meidt planetaalleen,
ne tahtovat tehd meist muussiaa...)

Oisihan se kiva tiet ett minullakin
on kaveri kuussa
Oisihan se kiva tiet ett minullakin
on kaveri kuussa...

Translation:

Tonight, a strange feeling
The UFOs have landed on Earth
The yard is crowded with people
but they don't understand anything about UFOs
They're shooting at us with their guns
and try to get closer to us

UFOs are our friends...
UFOs are our friends...
(They want us to become their prisoners
they want to take us to their planet
they want to smash us)

It should be fun to know that I also
have a friend on the moon...
It should be fun to know that I also
have a friend on the moon...
