

# Rasputina, Yellow Fever

It was a deadly yellow fever epidemic  
At first only a few were sick and then it  
Started raging bad,  
It was the worst this town has had  
It was the summer of 1853  
Only my dear old dad and me  
Escaped alive  
Escaped unscathed

Summer of 1853  
the river reeked of mortality
