

Ratt, City To City

Street fights all the time
I take a chance into the night
I've got to hear the thunder

Night life dies hard
Keeps me on my guard
It's like a spell I'm under

Cause I'm runnin' city to city
And all points in between
I'm movin' city to city
You can find me on the streets
Feel my heat

Dead heat makes me blind
You might think I'm a rebel kind
There ain't no way I'm gun shy

Dizzy blonde out of reach
All my stuff on the asphalt beach
I know you think I'm crazy

Cause I'm runnin' city to city
And all points in between
I'm movin' city to city
I'm runnin' between the sheets

Oh!

City
(City)
City
(City)
City
(City)

Oh sit

Cause I'm runnin' city to city
And all points in between
I'm movin' city to city
I'm runnin' between the sheets

I'm runnin' city to city
And all points in between
I'm movin' city to city
I'm runnin' between the sheets

On the streets (On the street)
Feel the heat (Feel the heat)
City
Hey!
