

Ratt, Ratt Madness

Once we said
Now it's true
Your dreamin what's to think
Then you'll break
That causes you
You're dreamin what's to think
Then you'll pray
That all is true
A diamond on the loose
We'll make your noose

Ratt madness
Ratt madness

Feel your weight
Worth its gold and nobody knows
Feel that silver
It's not that you're what's to think
Then you'll break
That causes you to
A diamond on the loose
Will make your noose

Ratt madness
Ratt madness
