

Ratt, Take It Any Way

Yeah you keep kickin'
Anne you can roll me to any day
I know that you want me
Don't want to see me waste my time
Runnin' into you yeah is giving' me a different taste
I'm so glad I met ya hopin' that we'll run away
Did you say that you love or
Did you say you'll take it
Did you say you love or
Did you say you'll take it anyway
Runnin' into seasons
Pleasin' for no reason
I just put my foot down
Stopin' all your runnin' around
Runnin' into to you yeah has givin' me a different way
I'm so glad I met ya hoping that we'll move away
Did you say you love or
Did you say you'll take
Did you say you love... or
Did you say you'll take it
Anyway every way everyda
