

# Ratt, You're In Trouble

Oh yeah  
Well, fast as lightnin', and the gun  
Your shadow's got you on the run  
You're such a fighter, I said you're the one  
And I will only tell you once

(Chorus)

You're in trouble, what are you gonna do  
You're in trouble, it's what you're goin' through, goin' through

You're such a teaser, you give me life  
I live in jungles and live with knives  
There's always trouble on your mind  
And won't you make me draw the line  
And that's the price you pay to lie  
You wanted trouble, you tell me why  
We're gonna get you, what ya gonna do, do, do  
We're gonna get you, what ya gonna do

(Chorus)

Yeah!  
You're on the top, top, the top, well, top of the night  
Hey hey, hey hey, hey hey

Solo

(Chorus)

You're in trouble, well, trouble, I got a finger on you  
You're in trouble, it's what you're goin' through  
You're in trouble
