

Raul Midon, Never Get Enough

You could say that I have had enough reality
Where money rules and only fools believe that they are free
Where politicians lie and innocent people die
Where what is real is hard to see

In my dreams I have the means
To change the things I see
Whose to say that in a way that's not reality
And when I'm feeling low
I lean on the things I know
And what I know is you and me

That's why I'll never get enough of you
And I'll never, not know what to do
As long as you and I will be together

You could say that I have lost my faith in democracy
It might be said of me you lost your sense of security
Why do I even sing, had enough of everything
All comes to nothing in the end
But I'll never get enough of you
And I'll never, not know what to do
As long as you and I will be together

Winter winds will always blow
And I should have learned that a long time ago
Rivers flow to the sea
And I'll be there whenever you need
And I'll never get enough of you
And I'll never, not know what to do
As long as you and I will be together

And I'll never get enough of you
And I'll never, not know what to do
As long as you and I will be together
